# FIFA Draw

It was a wonderful experience last April 1, 2022, when Hotel Park hosted the Influencer Cup 2022, where various international and local influencers gathered to take part in the special event at Hotel Park. Everyone has shown their support in the most-awaited highlight of the evening which is the Draw Night Live Stream of the upcoming FIFA World Cup 2022, the presence of the said influencers made the night even more special with their eagerness to share this important event on their respective platforms. In addition to this, we have seen as well the great support of the Supreme Committee of Delivery and Legacy together with Beln Sports. The said live stream of the FIFA Draw is indeed a success.
