For more information you can visit Hotel Park Reception.

## Mobile Application

Hotel Park recently introduced its new Mobile Application highlighting the best features of the park when it comes to its structural design, perfect location in the West Bay Area and of course wide range of services. The Mobile App consists of different features that provides information about what you can see and experience in the park prior your visit. You can also get to know more about the services offered specifically the parking spaces. Online booking is available for parking and also for other services you need at the park.

One of its best features too is the access you will get through the membership section of the app. If you're a frequent visitor of the park and you wish to register, you can benefit with the tenants' offers and other special discounts. Meaning the more you spend, you will also get the opportunity to earn points that you can use on your next visit.

If you wish to send your queries, you can easily fill up the form provided and it will be directly sent to the reception area to provide you more information. The Hotel Park Mobile App is now available at Play Store and soon to be available at App Store.

Available soon on App store

# Entertainment Activities you should try at Hotel Park

Now that the weather is getting better, we are excited to invite you at Hotel Park and enjoy entertainment activities brought to you by our amazing tenants. Let us walk you through the top activities perfect for everyone to try during their visit:

EEE Trampoline

Our objective is to offer our customers innovative and custom designed high quality entertainment concepts and this is through our creative trampolines.

Zero Gravity

This brings you fun in a whole new level the inner child in every one of us, not only that but you can also get amazing prizes by just having a great time and playing.

Gery's Sports

The first sports institute in Qatar that brought up the idea of roller skating in Qatar which aims not only to train nor to entertain but also to hone talents.

Moments Events

Here are some fun and exciting activities for families especially for children, Moments Events offers a variety of entertainment activities such as the Inflatable Kids Play Area.

## Parkasaurus

The long wait is over! Now you can get to meet again your Park's favorite best friend, Parkasaurus, the one and only Park Patroller will be with you during the whole season. Make sure to bring your family and friends to join the amazing fun tour!

## Social Media Giveaway

Congratulations to our winner for the recent social media giveaway! Keep on following us on all our social media platforms for upcoming giveaways!

## Ms. Imen Abidi Sales Coordinator

Welcoming our new joiner, Ms. Imen Abidi

Imen has a bachelor's degree in English Literature from the Arts and Human Sciences Faculty in Tunisia with over ten years' experience.

She has joined Sales Department as Sales Coordinator.

Her main role is to maximize the revenue from the car park with long-term contracts, propose value added services that can fit the parking and assist Hotel Park Corporates & Individuals clients by providing needed assistance.

Please render a warm welcome to our new member.
