Pantry Refurbishment

Hotel Park ensures to provide the best when it comes to its staff's welfare, providing them a place to relax and spend time comfortably during their breaks. Recently, a complete refurbishment of the pantry areas has been done, from walls, and floors, to furniture. The ambiance of the entire space has been improved. It's important to note that these developments not only benefit the employees when it comes to convenience but it also motivates them. There are two pantry areas which have been recently refurbished, one is from Level 2 for the reception area and the other is at Level 1 dedicated to the facility management office. There is no doubt that Hotel Park provides such comfort to its tenants and guests as well as to its employees, maintaining a welcoming environment for everyone.

Advertising Screens

The advertising screens that will be installed in various locations around Hotel Park are one of the upcoming features you should look forward to. As time has passed, we have observed how the park has prospered into an ideal place for families as well as businesses. The park currently attracts a great amount of footfall most especially during the events season. Given that one of its main aims is to bring something unique to Doha, providing such screens uplifts the atmosphere around the park. These screens highlight a variety of brand advertisements that will certainly grab the attention of visitors and prove beneficial to businesses. If you are interested to advertise your brand around Hotel Park, call Hotel Park reception at 4456 7665.

Yellow Line and No Parking Sign Implementation

Not everyone has knowledge about the road rule of the yellow lines and no parking signs. It says, under a national road rule that may appear as new, a yellow line may be painted along a curb to indicate there are parking restrictions in that area. Having it soon implemented at Hotel Park Car Park will assist parking visitors further and guide them during their stay. The idea behind the introduction of these signs is to aim to decrease the number of road signs and clutter on streets, which can sometimes lead to distraction and confusion for motorists, therefore increasing safety for motorists and pedestrians alike. Accordingly, they are used to ensure the safety of all road users.

Motorbike Parking

One of the upcoming services to be introduced at Hotel Park car park is a parking area dedicated for motorbikes. Having these designated spaces is greatly beneficial not only for the comfort of the motorbike owners but also for the security of their motorbikes. You can now have an allocated space to store your motorbike whenever you are out for travel or even when you do not have a proper space at your place to have it parked. Hotel Park car park has excellent facilities that add up a range of value-added services. Ensuring convenience, it is essential for vehicle and motorbike owners to have a secured space to keep their vehicles and motorbikes 24/7. For more information about the rates for weekly, monthly, or yearly rentals, call Hotel Park reception at 4456 7665.
